

# College of Computer and Information Sciences

## Bachelor of Computer Science

جامعة الجوف  
Jouf University

Program	Bachelor of Computer Science		
Program Features	<ul style="list-style-type: none"> <li>An academic program that awards a Bachelor's degree from the university.</li> <li>Study duration: 4 academic years.</li> </ul>	Number of Credit Hours	133 hours
		Program Delivery Method	On-campus – Full-time
Program Schedule	Morning	Language of Instruction	English
Program Overview			

The Computer Science program aims to build a solid foundation in algorithms, data structures, and operating systems, while training students to design and implement integrated software solutions. The program includes both theoretical and practical courses, in addition to a graduation project that enables graduates to work as software developers or technology researchers, and to contribute to digital innovation at the national level.

Target Groups	Targeted Job Roles
<ul style="list-style-type: none"> <li>High school graduates (Science track) or equivalent</li> </ul>	<ul style="list-style-type: none"> <li>Software and applications developer.</li> <li>Systems analyst or data analyst.</li> <li>Software or systems engineer.</li> <li>Specialist in cybersecurity and networks.</li> <li>Researcher or developer in artificial intelligence and robotics.</li> <li>Tech entrepreneur or employee in technology startups.</li> </ul>

### Beneficiary Sectors

Software and application development companies – Digital transformation units in government entities – Research and development centers in artificial intelligence and robotics – Technology startups.
